

HELIOS AIR

SUSPENDED HEATING LAMP

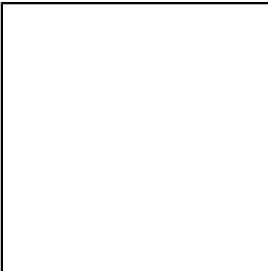

Hanging and suspended structure with white infrared lamp to be fixed to the ceiling for a perfect food warming without any encumbrance on the working display area. Equipped with a retractable cable that guarantee maximum flexibility in positioning and heating of food and independent switch. Each lamp is equipped by a ring for the ceiling hooking and by a cable-tensioning system to adjust the tension of the retractable cable. 3 Different shapes for the lamp holders and 5 finishes to complete your installations with taste and design.
